

Second Global Regulatory Authorities Summit

Strengthening Regulatory Practices on Labelling for Antimicrobials to
promote appropriate use and disposal – A One Health Perspective

Virtual Zoom Meeting 14-15 January 2026

Provisional Agenda

Day / Focus	Core Elements	Expected Outcome
Day 1 – Global/Regional Perspectives 12:00-14:45CET	<ul style="list-style-type: none"> • Welcome and opening • High-level framing of the Summit objectives & scope • Panel on global and regional labelling practices <ul style="list-style-type: none"> ◦ International and regional experiences ◦ Focus on antimicrobial labelling elements supporting appropriate use and safe disposal • Moderated Q&A • Break-out Session 1: Reflecting on current antimicrobial labelling data fields/elements (including disposal instructions) in use across regions, and identifying challenges and successful labelling practices 	<ul style="list-style-type: none"> • Establish a shared technical, non-normative understanding of current practices, innovations, and challenges, anchored in existing mandates. • Capture learning points from regulators (without implying agreement/endorsement). • Identify priority themes/questions to be explored through national experience on Day 2.
Day 2 – National Experience and Way Forward 12:00-14:45CET	<ul style="list-style-type: none"> • Recap of Day 1 key messages and synthesis • Country case studies <ul style="list-style-type: none"> ◦ Practical national experiences implementing labelling for appropriate use and disposal within existing frameworks • Moderated Q&A • Break-out Session 2: Reflecting on feasibility and practical considerations <ul style="list-style-type: none"> ◦ That could support improved labelling practices ◦ Consideration of LMICs/SIDS contexts ◦ Cross-sector enablers and constraints affecting implementation • Plenary consolidation, next steps and close 	<ul style="list-style-type: none"> • Validate Day 1 learning points against national experience. • Shared understanding of feasibility conditions, enabling factors and challenges across sectors/contexts. • Illustrative consolidation of practices/approaches drawn from discussion • Identify areas for continued technical exchange and follow-up under existing QJS and RAGNA
